Human Life Matters: The Ecology of Sustainable Human Living vs. the Rule of the Barbarians (Paperback)

By Katie Thomas, Dr Katie Thomas

Createspace, United States, 2010. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.This text explores how we can reverse the empowerment of those who value aggressive competitive behaviour so that those in power have human wellbeing as the guiding principle they use for decision making. It challenges the brutalization of children currently occurring under the umbrella of socialization and misnomer of care in many cultures and highlights the existence of innumerable alternative ways of being far more amenable to human and global advancement. Addressing barbaric infiltration of ourselves, our intimate relationships and our cultures can enable quantum, transformative human change. One of the aims of the book is to encourage wider, and deeper, conversation about the nature of justice and about approaches that can transform the vast global imbalances we face. Caring alliance, effective resistance, radical thought and transformative behaviour, made on behalf of the defenceless and the voiceless, can effect global cultural change. The book concludes with easy things the average person can do to foster, and support, human dignity as the foundation for all global, national, local and individual decision making.
