Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Ordo Romanus Primus The following Introduction to the earliest Ordo Romanus makes no claim to originality, having no pretensions to be anything more than a compilation from the works of the numerous liturgical writers who have expounded either the whole or parts of this venerable monument of the ceremonial of the early medieval Church in Rome. The objective which the general Editor has kept before me is the intelligent Churchman who is interested in the rites and ceremonies of the Catholic Church, but has little leisure or opportunity of examining the numerous works that deal with the whole or parts of the matters that belong to the ceremonial of solemn mass. With Lindewode I may say, present opus non precipue nee principaliter viris scribo scientia peditis, sed potius simpliciter Utteratis et pauca intelligentibus: but I fear that I cannot go on to claim for this Introduction even the modest estimate at which Lindewode appraises his Provincial as a book for students, for it is unlikely that such as they will find any thing therein of which they are not already fully aware.
