BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 26 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This testimony discusses the progress on the Capitol Visitor Center (CVC) project. Specifically, this testimony discusses (1) the status of the project schedule since Congresss October 18, 2005, hearing on the project, (2) the projects costs and funding, and (3) worker safety issues. We will discuss the progress made and problems encountered in completing scheduled construction work and in continuing to develop the project schedule, as we indicated during Congresss October 18 hearing; however, we will not be able to estimate specific completion dates until the project schedule is stable and the Architect of the Capitol (AOC) and its construction management contractor--Gilbane Building Company--have completed their assessments of the schedule and we have had an opportunity to evaluate them. Also, we will update the information we previously provided on the projects costs and funding, using readily available data, but we will wait until the project schedule is stable and has been fully reviewed before we comprehensively update our November 2004 estimate of the cost to complete the project and update the provision in our estimate for risks and uncertainties facing the project. This item ships from La Vergne, TN. Paperback.
